High-Potency Multivitamin for Women's Unique Needs

FAQ

How do I know if Vita-Lea Women is right for me?

Vita-Lea Women is uniquely formulated to meet the specific nutritional needs of menstruating women of child-bearing age. It contains 18 mg of iron, along with extra folic acid (600 mcg) and iodine (290 mcg), making it an ideal choice for women who are menstruating and those that require supplemental iron. If you fit this profile, Vita-Lea Women is the perfect multivitamin for you.

How many vitamins and minerals are in Vita-Lea Women?

Vita-Lea Women delivers 24 essential vitamins and minerals in 2 tablets. It's formulated with 100% DV or more of vitamins A, C, D, E, K, and all 8 B vitamins, including extra folic acid. It also contains essential minerals, including calcium, magnesium, and zinc as well as extra iodine and iron.

Can Vita-Lea Women be used as a prenatal multivitamin?

Yes. Vita-Lea Women makes a great prenatal and postnatal vitamin. But we recommend you try Meology® Prenatal, our customizable supplement plan to support you at every stage of your pregnancy, from planning to get pregnant all the way through postnatal and lactation.

Can I give Vita-Lea Women to my kids?

Vita-Lea Women is specifically formulated for adults 18 years and older. However, if your child is menstruating and old enough to swallow tablets comfortably and safely, they can use Vita-Lea Women.

Is Vita-Lea Women suitable for people with specific dietary restrictions or preferences?

Vita-Lea Women is vegetarian, gluten-free, nondairy, and Star-K Kosher. We always recommend that you consult with your physician if you have any specific concerns regarding whether a product is appropriate for you.

How should Vita-Lea Women be stored?

Vita-Lea Women should be stored in a cool, dry place.

FAQ

How do I know if Vita-Lea Men is right for me?

Vita-Lea Men is uniquely formulated to meet the specific nutritional needs of men under 50. Because it is formulated without iron, it is also great for women who do not require (or want) supplemental iron. If you fit this profile, Vita-Lea Men is the perfect multivitamin for you.

How many vitamins and minerals are in Vita-Lea Men?

Vita-Lea Men delivers 23 essential vitamins and minerals in 2 tablets. It's formulated with 100% DV or more of vitamins A, C, D, E, and K and all 8 B vitamins. It also contains essential minerals including calcium, iodine, zinc, and extra magnesium.

Can I give Vita-Lea Men to my kids?

Vita-Lea Men is specifically formulated for adults 18 years and older. However, if your child is at least 12 years old and can comfortably and safely swallow tablets, they can use Vita-Lea Men.

Is Vita-Lea Men suitable for people with specific dietary restrictions or preferences?

Vita-Lea Men is vegetarian, gluten-free, nondairy, and Star-K Kosher. We always recommend that you consult with your physician if you have any specific concerns regarding whether a product is appropriate for you.

How should Vita-Lea Men be stored?

Vita-Lea Men should be stored in a cool, dry place.

VITA-LEA GOLD®

High-Potency Multivitamin for Adults 50+

FAQ

How do I know if Vita-Lea Gold with Vitamin K is right for me?

Vita-Lea Gold with Vitamin K is uniquely formulated to meet the specific nutritional needs of men and women over 50 and younger women who are no longer menstruating. It's formulated with higher amounts of B vitamins and zinc to support age-related changes plus the antioxidant N-acetylcysteine to help defend against oxidative stress. If you fit this profile, Vita-Lea Gold is the perfect multivitamin for you.

How many vitamins and minerals are in Vita-Lea Gold?

Vita-Lea Gold with Vitamin K delivers 23 essential vitamins and minerals, including 100% DV or more of vitamins A, C, D, E, and K, as well as higher amounts of B vitamins and zinc to support age-related changes. Additionally, it also contains essential minerals such as calcium, iodine, and zinc along with the antioxidant N-acetylcysteine.

Can I give Vita-Lea Gold to my kids?

Vita-Lea Gold (with and without vitamin K) is specifically formulated for adults 50 years and older. However, if your child is at least 12 years old and can comfortably and safely swallow tablets, they can use Vita-Lea Gold.

Is Vita-Lea Gold suitable for people with specific dietary restrictions or preferences?

Vita-Lea Gold (with and without vitamin K) is vegetarian, gluten-free, nondairy, and Star-K Kosher. We always recommend that you consult with your physician if you have any specific concerns regarding whether a product is appropriate for you.

How should Vita-Lea Gold be stored?

Vita-Lea Gold (with and without vitamin K) should be stored in a cool, dry place.

VITA-LEA GOLD® WITHOUT VITAMIN K

High-Potency Multivitamin for Adults 50+

FAQ

How do I know if Vita-Lea Gold without Vitamin K is right for me?

If you're taking certain blood thinning medications (warfarin or Coumadin), Vita-Lea Gold without Vitamin K is the best choice for you. It's exclusion of vitamin K makes it a great option for individuals who need to be cautious about their vitamin K intake due to medication interactions.

How many vitamins and minerals are in Vita-Lea Gold without Vitamin K?

Vita-Lea Gold without Vitamin K delivers 22 essential vitamins and minerals, including 100% DV or more of vitamins A, C, D, and E, as well as higher amounts of B vitamins and zinc to support age-related changes. Additionally, it also contains essential minerals such as calcium, iodine, and zinc along with the antioxidant N-acetylcysteine.

Can I give Vita-Lea Gold to my kids?

Vita-Lea Gold (with and without vitamin K) is specifically formulated for adults 50 years and older. However, if your child is at least 12 years old and can comfortably and safely swallow tablets, they can use Vita-Lea Gold.

Is Vita-Lea Gold suitable for people with specific dietary restrictions or preferences?

Vita-Lea Gold (with and without vitamin K) is vegetarian, gluten-free, nondairy, and Star-K Kosher. We always recommend that you consult with your physician if you have any specific concerns regarding whether a product is appropriate for you.

How should Vita-Lea Gold be stored?

Vita-Lea Gold (with and without vitamin K) should be stored in a cool, dry place.

FAQ

How do I know if Vita-Lea Methylated is right for me?

Vita-Lea Methylated is formulated for people who are looking for methylated B vitamins.

How many vitamins and minerals are in Vita-Lea Methylated?

Vita-Lea Methylated provides 23 essential vitamins and minerals, including 100% DV or more of vitamins A, C, D, E, and K and all 8 B vitamins, including methylfolate and methylcobalamin. It also contains essential minerals, including calcium, iodine, zinc, and magnesium, along with N-acetylcysteine, a powerful antioxidant.

What are methylated B vitamins?

B vitamins can be either methylated or non-methylated. Folic acid and cyanocobalamin, the standard forms of folate and vitamin B12 commonly found in supplements, are not methylated. In contrast, methylfolate and methylcobalamin are the methylated forms of folate and vitamin B12, respectively.

The methylated forms, methylfolate and methylcobalamin, have gained attention because genetic testing has become more common. Certain variants of the MTHFR gene, identified through these tests, are believed to decrease the efficiency of methylating folate and vitamin B12. However, research has confirmed that both methylated and standard B vitamin formulations are equally effective.

Despite genetic variations that may affect how efficiently certain individuals metabolize these vitamins, the use of methylated B vitamins is not necessary, regardless of genetic background. Folic acid and cyanocobalamin, known for their safety, efficacy, and stability, remain excellent options for individuals across all genetic backgrounds.

Is Vita-Lea Methylated suitable for children?

Vita-Lea Methylated is specifically formulated for adults 18 years and older. However, if your child is at least 12 years old and can comfortably and safely swallow tablets, they can use Vita-Lea Methylated.

Can Vita-Lea Methylated be used as a prenatal multivitamin?

No. Vita-Lea Methylated should not be used as a prenatal vitamin. Folic acid is the only type of folate shown to help prevent neural tube defects. And all authoritative health organizations recommend 400 mcg of folic acid for this purpose. Additionally, Vita-Lea Methylated does not contain iron, which is essential during pregnancy for supporting blood cell formation and oxygen transfer to the baby. It's important to choose a prenatal multivitamin specifically designed to meet the nutritional needs of pregnant and nursing women, including adequate folic acid and iron.

Is Vita-Lea Methylated suitable for people with specific dietary restrictions or preferences?

Vita-Lea Methylated is vegetarian, gluten-free, nondairy, and Star-K Kosher. We always recommend that you consult with your physician if you have any specific concerns regarding whether a product is appropriate for you.

How should Vita-Lea Methylated be stored?

Vita-Lea Methylated should be stored in a cool, dry place.

FAQ

How do I know if Vita-Lea Gummy is right for me?

With essential vitamins and minerals foundational to overall health and well-being, our Vita-Lea Gummy is an excellent alternative multivitamin solution for anyone who struggles with swallowing tablets and people who prefer other delivery forms.

How many vitamins and minerals are in Vita-Lea Gummy?

Vita-Lea Gummy provides 12 essential vitamins and minerals. These include key nutrients of concern, vitamins A, B6, B12, C, D, and E, niacin, folic acid, biotin, pantothenate, iodine, and zinc.

Due to their format, gummy vitamins cannot hold as many nutrients as tablets. Consequently, Vita-Lea Gummy contains fewer vitamins and minerals than Vita-Lea tablets. When formulating this product, we focused on including the most critical nutrients to ensure it meets the key nutritional needs of most people.

Can I give Vita-Lea Gummy to my kids?

Yes. Kids ages 4 and up can take Vita-Lea Gummy and should take 2 gummies daily. But we recommend kids try Meology® Kids, our all-in-one vitamin gummy packs for kids.

What is the serving size for Vita-Lea Gummy?

Children 4 years and up should take 2 gummies daily. Adults 18 years and older should take 3 gummies daily.

Is Vita-Lea Gummy suitable for people with specific dietary restrictions or preferences?

Vita-Lea Gummy is vegetarian, gluten-free, and nondairy. We always recommend that you consult with your physician if you have any specific concerns regarding whether a product is appropriate for you.

Does Vita-Lea Gummy have a flavor?

Yes, Vita-Lea Gummy is strawberry-flavored.

Does Vita-Lea Gummy contain sugar or other sweeteners?

Vita-Lea Gummy is sugar-free. Instead, it utilizes a maltitol base and is sweetened with xylitol, erythritol, and monk fruit extract. One Vita-Lea gummy contains ~7 calories per gummy.

Why do the gummies have a white coating?

The sanding on the outside of the gummies is maltitol, a naturally derived, sugar-free sweetener. This sanding helps reduce stickiness.

How should Vita-Lea Gummy be stored?

Vita-Lea Gummy should be stored in a cool, dry place away from direct sunlight.
